**Subject:** RE: USACE Trip Report April 21 CAG Meeting (UNCLASSIFIED)

I spoke with Doug yesterday - and as of yet have not received anything from him.

He did say that they were leaning towards having the next CAG meeting on 5/12 - he should confirm that this week.

Also, he would like for all attendees to sign in on their attendance sheets when we attend the CAG.

I'll keep the team posted if any questions are submitted or when he confirms the CAG date.

Thanks Dan.

The CAG President had indicated that he was going to provide you with a set of questions as well and requested that we (EPA/USACE) provide answers to the community at the next CAG meeting. If he provides you with a list of questions and if any deal with tasks that we are providing support for, just send me those questions and we'll add them to the list and will provide responses.

Thanks,  
Robyn

Robyn, thanks to you and Jason for the summary and the forthcoming responses.

Welcome to the project!

Principles and integrity are expensive, but they are among the very few things worth having.

Jeff/Dan:

See attached Trip Report that Jason put together post-CAG. In addition to identifying the key points of the meeting, included is a list of a large number of the questions that came up during the CAG, some of which will likely be revisited at future CAGs. We are working to document our responses to these questions so we have them for future reference. We will provide those answers to you as soon as we have them completed.

Please let me know if you have any questions regarding this trip report.

Thanks,  
Robyn
